

## FS-720 Print System

### Product Overview

This 17ppm Letter or Legal size monochrome ECOSYS small-workgroup printer is capable of imaging at 600 x 600 dpi for crisp, corporate documents. In addition, the fast 32 Bit RISC CPU processes documents quickly for maximum productivity and minimum wait time. With a small footprint and fast output speed, the FS-720 makes an excellent single user Printer.
